Vol. 23

INDEX TO MARRIAGES

recorded in the Counties of Maryland

1914 - 1930

based on copies filed by
the County Clerks of the Circuit Court
with the State Department of Health

MARYLAND STATE DEPARTMENT OF HEALTH
Bureau of Vital Statistics
in cooperation with WPA projects #7071 and #7114

1941

Explanation of Form Used

The surnames of the grooms are filed by the Russell-Soundex system, arranged by given names in alphabetical order within each Soundex group. The complete given name is spelled out when given on the certificate, and where space permits, otherwise abbreviations and initials are used.

The ages of groom and bride are shown in the second and sixth columns, respectively.

The color, or race, of the groom is shown by a one-letter abbreviation in the third column; the color of the bride is ordinarily the same. If the color of the bride differs from that of the groom, this is shown by the letter in parentheses following the bride's name.

The birthplaces of groom and bride are designated by two-letter abbreviations in the fourth and seventh columns, respectively.

The eighth, ninth, and tenth columns give the month, day, and year when the ceremony was performed.

The last column shows the county in which the license was issued.

Abbreviations for color, and for geographical units used, are listed on the following page.

Explanation of Symbols Used

- A dash is used if the item was omitted on the certificate.

? A question mark in the age column means that the age was given as "over 21".

A number sign in the left margin indicates that the certificate was filed out of order.

* When the date of the ceremony was not shown on the certificate, the date the license was issued is used instead, and an asterisk is typed above the comma in the date.

x If the license was returned marked "not used", a small x is typed in the left margin, and the date of issuance of the license is used.

o A small o in the left margin indicates that the name is spelled erroneously, and will be found retyped correctly under another Soundex number.
